Subject: S.B.16 Opposition

To the Distinguished Members of the Judiciary Committee of Connecticut,

I am writing to you today to urge you to oppose S.B 16: An Act Addressing Gun Violence and Juvenile Crime, as currently drafted.

I do believe that juvenile crime should be addressed, however the additions listed in S.B. 16 regarding the limitations on semiautomatic firearm ownership are unwarranted and unconstitutional. This bill does nothing to address gun violence; it only unfairly attacks and punishes the responsible gun owners of this state.

As a concerned citizen of this state, I am appalled at this blatant infringement of our 2nd Amendment rights. I strongly urge you to **oppose** S.B 16 as currently written.

Respectfully,
Kristian Landstrom
